Northwest / Jackson Soccer League (NJSL) is a recreational soccer league serving the Northwest and Jackson School Districts and surrounding communities for more than 40 years. Practices and games are held in Canal Fulton and Jackson Parks.

**Practices start for ages 6 - 18 on July 26.**

**Games start August 14.**

**Program for ages 4 - 5 starts August 14.**

**Adult League (19 and older) starts July 25.**

NJSL is committed to providing recreational soccer opportunities to area youths and adults. Our volunteer organization has worked hard to maintain focus on the recreational nature of this great sport. We value sportsmanship and fair play and strive to instill a respect of the game for all involved.

We want your experience to be fun and safe as possible. That is how we measure our success as an organization.

Interested in coaching? You can sign up to coach while registering your child. If not registering a child you can volunteer to coach or if interested in refereeing or volunteering in any capacity by emailing us at [registration@njsl.com](mailto:registration@njsl.com). You do not need to have a deep background in soccer to be of service to our organization and the hundreds of youth and adults we serve. A simple willingness to get involved and learn, a positive attitude, and a clean background check are all that is required.

*No school funds were used to produce this flyer.  
All volunteers are background checked.*
