Thank you for your helpful insights and your time!

\*The Ohio Department of Transportation's Safe Routes to School Program provides funding to facilitate the development of projects and activities that enable and encourage students to walk or bike to school. We would like to apply for this funding program to improve the safety of students who walk to or from Sauder Elementary and Jackson Memorial Middle School. Safe Routes Program funds may be used for things such as sidewalks, crosswalks, traffic signals, signage, etc. One of the requirements of the grant application is feedback on our school travel plan draft to gauge community interest in our children walking or biking to school.
