September 24-28, 2018

Integrated Language Arts-

Since Johnny Appleseed's birthday is September 26, we will be talking about him and his beloved apples this week! I know the children will really enjoy telling you what they learn. It is one of my favorite weeks of the year, too! Friday we will wrap up with apple centers.

Fundations- We continue to practice reading and writing words with the digraphs -wh, -sh, -ch, -th, and -ck. The test will be Thursday, Oct. 4th.

Math-This week we are working through Lessons 2.5-2.8. The test will be Wednesday, October 5th. Look for home login information for the XtraMath site. It is a good tool to help with addition/subtraction fluency.
