January 22-25, 2019

Integrated Language Arts-

We continue to study biographies! This week we will discuss Martin Luther King, Jr. and Barack Obama along with other important Americans. Students are reading leveled biographies in small groups and keeping a Biography Journal full of facts.

Foundations-We will practice adding the suffix -s to words with consonant blends. Our units continue to build on each other, so past skills are still important! (Bonus letters, digraphs, etc.) Our test will be given Friday!

Reading Logs are due on FRIDAY. Please be sure to sign them so your student gets credit for all of those reading minutes!!

Friends-We will talk about our digital footprints this week...we ran out of time last week!

Math-

We are wrapping up Chapter 6 this week! The kids have been doing a GrEaT job with this chapter! Our test is scheduled for Thursday. We will pretest for CH. 7, Comparing Numbers, on Friday. It is another short one!

Mon. No School	Tues. B Reading Logs	Wed. C Reading Logs	Thurs. D Reading Logs	Friday E Reading Logs Due!
--------------------------	--------------------------------------	-------------------------------------	---------------------------------------	-----------------------------------------------

LUNCH MENU

Monday-No School
Tuesday-Chicken and Waffle
Wednesday-Corn Dogs
Thursday-Mini Pancakes
Friday-Cheese or Pepperoni Pizza

Student of the Week:
Maelle Douglas

NOTES:

*Envelopes with conference slips and HAC instructions for Progress Reports came home today. Please be sure to sign and return conference slips and Progress Report envelopes by Friday.

*Make sure you dress your child in layers. Sometimes it is chilly outside, but toasty in our classroom, so a sweater or sweatshirt that they can take on or off comes in handy!

*If your child is missing any items, please remind them to check the Lost and Found! It is full of lots of items that have been left behind!

*Information is coming home about the POLAR PLUNGE!
