# All About 1st grade

## Key to Success

First Grade is an important year for students. It is an exciting year, with a lot of fun, learning and individual growth. This is the year that your child will learn many important skills. Reading, Math, and Writing will be our key focus this year, because these skills are the building blocks of our future. Science and Social Studies are integrated into our curriculum.

## Daily Habits

Our papers go home daily, so please check your child's red folder daily. You may need to help your child "Redo" or "Finish." These folders may also have important information about activities happening at Lake Cable or our district.

## Partners in Education

Together we can be partners in your child's growth and learning. Each week you will receive a newsletter, which will explain our goals, Reading, Foundations, and Math units, as well as upcoming events. I am always available to talk with you should you have any questions about your child's progress. If there is something specific, please email or send in a note.

Please **ALWAYS** check your child's folder **DAILY!!**

## 1st Grade Manners

In our classroom, the expectation is that children use good manners, words such as "Please" & "Thank You." This would be a great opportunity to build this habit at home, while we do the same thing here at school. We are a community of learners and friends.
