

Dear Parents:

The social studies program we will be using this year is from TCI. Every TCI program is designed to reach learners of all abilities using multiple intelligences teaching strategies and theory and research-based active instruction. You can learn more about TCI at <http://www.teachtci.com>.

An important part of the program is an online Student Subscription. The subscription is our online textbook, and students will need it to complete assignments and study for tests.

The TCI Student Subscription includes:

- Student text
- End-of-lesson Reading Challenges
- Reading tools such as highlighting, inline vocabulary definitions, and a main idea viewer

Your student can create an account following the steps on the attached document. The information he/she will need to create the account is below.

If your student needs additional help creating the account, there is a one-minute how-to video located here: [http://www.teachtci.com/resource\\_center/how\\_to\\_videos/students-creating-their-own-accounts.html](http://www.teachtci.com/resource_center/how_to_videos/students-creating-their-own-accounts.html)

Thank you,

## How to Sign In to Your Student Subscription for the First Time
