

Mrs. Dannug's Science Class - Remind

I will be using the app Remind to send out messages with reminders and updates this year. Parents, guardians, and students have the option of receiving an email or text from me that will serve as updates on upcoming due dates, items that need turned in, events happening at the school, etc. The messages are created to keep everyone up to date with what is happening during science class!

You have some options on how to join the class if you aren't in already. I have a link in my polaris course and my website to help you figure out the options for how to join my class if you need help.

I have a code for each class period to join. They are as follows:

- 1st period = @dannug1st
- 2nd period = @dannug2nd
- 3rd period = @dannug3rd
- 4th period = @dannug4th
- 7th period = @dannug7th
- 10th period = @dannug10th

This is completely optional but is a good way to receive announcements and reminders from me! Let me know if you have questions!
