Pathways to Pharmacy is an immersive summer camp designed for current high school juniors and seniors interested in pursuing an exciting career in pharmacy. Campers will learn about the world of pharmacy through active learning and fun hands-on activities, such as making lip balm, hand sanitizer, syrups and suspensions.

Campers who choose the overnight option, with meals included, will stay in the residence halls at Kent State University. Transportation will be provided to NEOMED each day.

Pathways to Pharmacy will end with a formal graduation ceremony including camper presentations and a pinning ceremony. Families and friends are invited to attend!

Join us to learn about a future career in pharmacy!
