

Our mission is to inspire children through science, sparking lifelong imagination and curiosity.

Our mission is to inspire children through art by developing their creativity and critical thinking.

## MAD SCIENCE® STEAM Summer Camps at Our New Laboratory and Studio 7840B Wales Ave NW \* North Canton \* 44720

### Fun-gineering, Mix-Ups and More! June 3 - 7 \* 9:00 AM – 3:00 PM \* Ages 6-12

Do you love to build, design, and fix things? Then put on your engineer's hat to see how science is used to build skyscrapers, bridges, and tunnels. Let simple machines help lift weights and even launch marshmallows! Become a true Mad Scientist as you concoct crazy creations in our Crazy Chemistry Day. See how film captures light to store images. Take a walk on the wild side while exploring the nature of birds, beasts, and bugs. There is so much to discover in this camp!

**Daily Topics Include:** Jr. Engineers \* Machine Mania \* Crazy Chemistry \* Birds and the Beasts \* Shutterbugs!  
**Class Fee: \$275**

*Instructors undergo BCI/FBI checks.*

*Early registration is strongly encouraged.*

### CRAYOLA® Imagine Arts Wild World: The Art of Conservation

July 1-3, 5 \* No Class July 4 \* 9:00 AM - 3:00 PM \* Ages 6-12

Campers explore the wonder and beauty of the animal kingdom, and discover nature in a way that inspires empathy, curiosity, and creativity. Students learn about many different animals and how wildlife conservationists are working to protect species around the globe. They experiment with a variety of art techniques and use Crayola art materials to create frog paintings, ink-diffusion jelly fish, polar bear sculptures, and more!

**Daily Projects Include:** Elephant Silhouettes, Speckled Frogs, Dancing Jellyfish, Polar Bear Models, Owl Collages, Hanging with Orangutans, and so much more!  
**Class Fee: \$220**

*ALL CAMPS: Campers are to bring a sack lunch, snack, and a drink with them everyday.*

### Brixology™ Camp A Mad Science Engineering Program August 5-9 \* 9:00 AM - 3:00 PM \* Ages 6-12

A collaboration project between our own Mad Science Research and Development Team and a master LEGO® builder, our Brixology camp features custom built LEGO® bricks to build different engineering-themed projects. This summer, campers step into the shoes of an engineer exploring engineering fields including mechanical, structural, and transportation. True to the engineering design process, campers will test their designs, and using critical thinking, cooperation, and creative problem-solving, will implement improvements.

**Projects include:** Transportation \* Design \* Water Works \* Structures \* Fun Fair  
**Class Fee: \$275**
