

STEAM SUMMER CAMP SQUEEZE

August 5-9 * 9:00 AM - 3:00 PM
Mad Science Laboratory
7840B Wales Ave NW * North Canton

BRIXOLOGY™ Camp A Mad Science Engineering Challenge For Ages 6-12

A collaboration project between our own Mad Science and Development Team and a master LEGO builder, our Brixology camp features custom built LEGO bricks to build different engineering-themed projects. This summer, campers step into the shoes of an engineer exploring engineering fields including mechanical, structural, and transportation. True to the engineering design process, campers will test their designs, and using critical thinking, cooperation, and creative problem-solving, will implement improved designs.

Projects include:

Transportation * Design * Water Works * Structures * Fun Fair

Class Fee:\$275

*Instructors undergo
BCI/FBI checks.*

*Campers are to
bring a sack lunch,
snack, and a drink
with them everyday.*

Register now to squeeze in!
